If you want to see the criminal effect of using Paris green on tobacco plants, just examine a few small leaves in the window of Taylor's Postoffice Drugstore. There is enough of the poison within a few inches space to kill half a dozen men. These leaves were taken from a lot of tobacco bought by a local dealer. One way to stop this criminal use of poison is to refuse to buy tobacco from any grower who puts it on his plants.

The last will of the late Henry Ward, which was filed for probate at the May term and passed, came up in Court yesterday. HAYSWOOD RECITALS.

Two Delightful Events Yesterday at First Presbyterian Church.

Two musical recitals were given by Haywood Seminary yesterday under the direction of Miss Moore, the very accomplished pianoforte instructor.

One in the afternoon at 2 o'clock, which was quasi public, and one in the evening at 8 o'clock, both in the basement of the First Presbyterian Church.

The first program was given by the various pupils, who performed in a manner highly satisfactory to patrons and pupil.

Type cannot give that harmony of sound, technique and expression which caused a thrill of joy to possess every one in the large and appreciative audience which both recitals drew as the programs were being rendered.

The second recital was more pretentious. The environments were peculiarly striking for the rich feast which entertained the very cultured audience at 8 o'clock. An auditorium commodious in area, exquisitely garlanded with blooming flowers, bright lights and a richly dressed assemblage—these were the charms which formed a perfect setting for the sweet selections, both instrumental and vocal, which had been arranged.

This musical was in honor of Miss Allene Glascock, who finished a four years course and now stands certified as thorough in all that goes to make her well equipped for either instructing or entertaining.

Those who kindly assisted are capable endowed and gave variety to the evening.

The fair young graduate plays with expression, power and a familiarity revealing sonful affinity as well as mechanical genius, coaxing two qualifications which bring artistic proficiency, reflecting like glory upon the patient, capable teacher, who makes such a triumph of accomplishment possible.

The regular graduation exercises of Haywood Seminary will be held at the First Presbyterian Church tonight.

There will be two graduates, Miss Ethel Hutchison and Miss Martha Newell. Certificates will also be given to ten other pupils for their good avocations in other departments.

The Rev. J. Kinsey Smith of Louisville will deliver an address this evening, and the exercises as a whole promise to be very entertaining.

BALLENGER

Jeweler and Optician.

WE SELL—P. N. CORSETS

Do you know what they are? The Corsets of comfort and style. The only corsets that will not—because they cannot—stretch. They're built that way. The test of time has convinced us that what the manufacturers long ago claimed is absolutely true. These corsets cannot stretch. Because of the properly shaped and carefully shrunken material which enter into their make up it is an utter impossibility. Three qualities—\$1, \$1.25, \$1.50.

ANOTHER IMPORTANT POINT!

Get the right size. Nature gives most women beautiful figures which they promptly ruin with poor corsets. Get a corset that fits and pay enough to get a good one. Too small a corset destroys symmetry—too large a corset is just as bad. In either case no point of dress strikes you when it should. An able saleswoman has charge of our corset section—she has studied the question and can help you to determine the style and size best adapted to your figure. Consult her.

EASILY PROVEN.
There is Not the Slightest Necessity For Leaving Mayville to Look For Proof.
The experience given below by this well-known Mayville citizen is easily proven. The proof he offers for his convictions can safely be left with the reader. It is a different matter to describe an aching back or any of the ills caused by disordered kidneys. How to cure the trouble is of much more importance, and the most exacting request of Mayville cannot ask for any better authority on this point than that given by Mrs. James Molen of 219 Lee street, who says:

CHILDREN'S DAY.
Exercises Were Held Sunday at the M. E. Church, Third Street.
Children's Day was very appropriately observed at the M. E. Church on Sunday morning at 10:30 o'clock. The little ones had prepared a very interesting program and the exercises were as instructive as well as entertaining to those who were present.

With bare heads and enthusiastic hearts the religious gave fervent hand to the recital of those stirring, blither events, through which they passed. Mrs. J. C. Pickett of Tuckahoe read a just and beautiful tribute to the memory of the late Mrs. Mary Noyes feelingly recited "Earl That Banner," composed by Father Ryan.

THE FACTOR OF STORIES.

Edward Forsyth Shot and Killed Miss Edna Stokes, an Actress, in Chicago.

THE MURDERER INTENDED SUICIDE.

The Couple Were Members of the Stock Company Playing at the Victoria Theater.

Forsyth says He Could Not Live Without Miss Stokes' Love, But His Nerve Failed Him at the Last Moment.

Chicago, June 4.—Edward Forsyth, of Kansas City, three days ago, assistant manager of theatrical companies, Monday night shot and killed Miss Edna Stokes, an actress, whose house is at Sedalia, Mo., with whom he was deeply in love. Forsyth claims to have met Miss Stokes in St. Louis six years ago, when they were both playing an engagement. The couple played in different cities of the country until last fall, when they came to Chicago and became members of the stock company playing at the Victoria theater. Forsyth evidently intended to take his life after killing the woman, for upon his person when arrested were letters bidding farewell to his mother, Mrs. J. M. Forsyth, 1223 Broadway, Kansas City, Mo., and another to Chief of Police O'Neill, of this city.

Had a Desperate Quarrel. The couple had engaged in a desperate quarrel three days ago, and Forsyth is said to have beaten the actress blind, cutting her head in two places. Miss Stokes gave orders to the proprietor of the Victoria hotel, where she was staying, that Forsyth should not be admitted to her presence, and although he called there twice during the early part of the evening he was refused to leave by the attendants. Later he called and the proprietor told him that he could wait in the parlor, where Miss Stokes would see him. She came down from her room and the couple talked for about ten minutes, when Forsyth suddenly drew a revolver and fired two shots, one passing through the right lung and the other close to the heart. She died almost instantly.

The Murderer Arrested. After killing the woman Forsyth ran from the hotel, but was closely followed by Joseph Heim and Wm. Kennedy, the porter of the hotel. After pursuing him a short distance Heim overtook him, and, throwing him to the sidewalk, held him until the arrival of the police.

When taken to the police station Forsyth said that he intended to kill himself, and could not live without Miss Stokes' love, but that his nerve failed him at the last minute.

One of the others seized the satchel containing the cash intended for the quarrymen and jumped out of his own rig. SUFFRAGE.

Two Introduced in A National Convention at Chicago.

It provides, however, that an ex-slave of good character can be put on the roll although he fills none of the other requirements.

Another suffrage scheme offered by Mr. White, of Jefferson, provides a poll tax for all voters under 45 and lets in all civil soldiers after 1900 an educational qualification is added. It disfranchises vagrants, gamblers, convicts, and all who buy or sell votes.

Three Will Be Sent to Porto Rico For Permanent Duty There—Will Keep Chinese Out.

Washington, June 4.—Assistant Secretary Taylor, of the treasury department, and Commissioner General Powderly have decided to send three immigrant inspectors to Porto Rico for permanent duty. It is feared that the recent decision of the supreme court in the insular cases may stimulate Chinese immigration to the United States. The collectors of customs have hitherto acted as inspectors and will continue to do so, but the need for additional help in keeping out the Chinese is apparent. To the officials, and from now on the exclusion laws will be more rigidly enforced.

SIGNIFICANT SCHEME.

All Railroads Operating Between the Mississippi River and the Pacific to Consolidate.

J. PIERPONT MORGAN AT THE HEAD.

The Differences Settled in Regard to the Burlington Deal and the Northern Pacific Corner.

Great Northern, Union Pacific, St. Paul, Chicago & Northwestern and Chicago Great Western to Be Taken Care Of.

New York, June 4.—One tremendous consolidation of all railroads operating between the Mississippi river and the Pacific coast promises to result from a settlement of the differences between the Northern Pacific corner. It is announced on the highest authority that not only have the differences been settled between the Morgan-Hill faction and the Harriman party regarding the Burlington deal and the relations of that railroad and the Northern Pacific and the Great Northern with the Union Pacific, but that the St. Paul, the Chicago and Northwestern and the Chicago Great Western will be taken care of in the great harmonization scheme of the trunk lines of the west. Many long-drawn-out and exact details of the harmony agreement are withheld until J. Pierpont Morgan arrives from Europe. He will sail for this country Wednesday. James J. Hill, who has been his representative in the Northern Pacific conflict and in the practical management of the Morgan-Hill railroads, has remained in California, giving to his friends the assurance that we must "wait and see." Facts will tell the tale in good time.

In Mr. Hill's simple expression is the whole truth in a nutshell. The agreement regarding the controversy over the control of the Northern Pacific means first, that the property will remain under the direction of the Morgan-Hill faction, although the Kuhn, Loeb-Harriman-Gould faction, backed by the Rockefeller and Stillman interests, owns the majority of the common and preferred stock combined, and further, that the old harmony agreement will result in a closer alliance between the great trans-Mississippi railroads which extend from Chicago to the coast and have enabled us to carry American products to the far east.

THE COMPLAINT CHECKED.

Mrs. McKinley's Condition Slightly Better—Increased Cheerfulness in the White House.

Washington, June 4.—Dr. Rixey, after remaining in the white house for nearly three hours Monday night, said that there had been no change in the condition of Mrs. McKinley. At 11 o'clock she was resting comfortably. The complaint which manifested itself while Mrs. McKinley was away from Washington and which has seriously impaired her strength, has been checked, but its effect has been to leave her in a very weak condition. At the white house Monday night there was a very slight increase in cheerfulness, and the hope is expressed that Mrs. McKinley may again give evidence of the remarkable vitality she has displayed heretofore.

TERRIBLE FALL.

Feddy Oliver, a Performer in a Midway Show, Buffalo Exposition, Perhaps Fatally Hurt.

Buffalo, June 4.—Teddy Oliver, 19 years old, was perhaps fatally injured while doing his act in a Midway show at the exposition grounds Monday night. Oliver's trunk was side a ladder on the edge of a platform 40 feet high and dive into a pool of water below. The water in the basin into which Oliver made the dive is 18 feet deep in the center, the bottom slanting upward toward the edge of the pool, where it is only five feet deep.

Just as he reached the edge of the platform, Oliver swerved to the right and Oliver was thrown headforemost into the shallow water at the other edge of the pool.

Extra Session Probable.

New York, June 4.—Officials of the senate for the first time since the announcements of the decision of the supreme court in the insular cases, admit that there is a possibility of an extra session of congress in July.

The Kansas Wheat Crop.

Topkapi, Kan., June 4.—Reports from all parts of Kansas indicate that the wheat crop is in an unfavorable condition, the extreme dry weather in most parts of the state has caused the wheat to head out before it has obtained its growth.

Take Two Cups

Take a cup of Arbuckles' Coffee and a cup of the "cent-a-pound-cheaper" kind. One taste of each will prove to you that the reason Arbuckles' costs a little more is because it's worth more. It's selected with greater pains, roasted with greater care, packed with greater skill. It comes to you as fresh as when it left the roaster. Not a particle of its strength or flavor lost. Cheap coffee lacks both strength and flavor.

ARBUCKLES' Roasted Coffee

is cheaper in the end than other coffees because it makes more cupsful to the pound and gives far greater satisfaction.

With each package of Arbuckles' Coffee you purchase a definite part of some useful article—which is yours on presentation to our Notion Dept. of a certain number of signatures cut from the wrappers. You'll find a list of the articles in each package.

HENRY W. RASP,

SECOND STREET, NORTH SIDE.

An Open Letter.

We desire to say that our business since January 1st has passed the mark anticipated. We wish to be frank; therefore we are not attempting to talk to business people and put it in the form of a polished essay. The advantage of having merchandise different from your competitors is apparent, provided that the retailer is known to be reliable. Does not a good deal of advertising appear to you as though the advertisers were indulging too freely in fine words? Most of the advertisements are nothing but flattery. Names are invented for goods that have no bearing whatever to the material turned and twisted until they are no longer relevant, which is why it is done to tone the product, because the product has not enough of it. Fine fashions make fine words, but fine words do not make fine goods. We are strong believers in advertising because it is a good thing, but advertising doesn't pay unless constructed on a proper basis, and that is to plainly tell people what you have to sell, and sell it as low as is consistent with legitimate business methods.

Our spring importation of Dress Goods, White Goods, Carpets, Mattings and Housekeeping Goods generally is complete. Come and learn prices, which will be found to be as cheap as the cheapest, quality considered. Respectfully,

GEORGE COX & SON.

We Want....

YOU TO SEE THEM!

Never before have we had so many nice things to show our customers as we have this season. Our Men's, Boys' and Children's

CLOTHING

Are the admiration of all who have seen them. They are from the very best manufacturers in this country and many of them made from fine imported goods. Every garment we sell is guaranteed, and if not satisfactory we ask our customers to return them. Our Men's Furnishing Goods and Hats, both fur and straw goods, are beyond doubt the nicest ever brought to this market. Our Soft Summer Shirts, White and Colored, also our line of Neckwear, are so beautiful that we want to show them to all; in truth, we like to look at them ourselves, they are so very pretty.
